

## IoT Vertical and Topical Summit - 2018 Sponsorship Program

IEEE, the world's largest professional organization advancing technology for humanity, in conjunction with the University of Alaska is hosting an Internet of Things (WF-IoT) Vertical and Topical Summit on June 11-13, 2018 in Anchorage, Alaska. This unique event is designed to examine key critical innovations in technology, IoT products and services, business models, and public policy that will alter the applications space and research of the future.

The Internet of Things is based on a vision of a highly networked world, where devices can interact and communicate with other devices, as well as with human beings, and provide the benefits of remotely controlled intelligent systems in the management of individual lives, enterprises and public entities.

This Summit, which is focused on challenges unique to the arctic regions, will bring together public-sector, industry and the research community to hear industry experts and peers present their latest research results, deployment challenges, innovations, and first-hand experiences with IoT prototypes and service offerings. They will also share their best practices and lessons learned in adopting IoT solutions. The event offers an outstanding opportunity to showcase your products and applications to a vibrant and engaged audience, and provides an ideal platform for you to reach hundreds of key decision makers involved in the Internet of Things.

Details of the opportunities to promote your organization to this influential audience via patronage and exhibition are provided in this document. If you are interested in participating in this global IEEE Internet of Things event, please contact us via email at [k.pannullo@comsoc.org](mailto:k.pannullo@comsoc.org),

We look forward to seeing you in Alaska in June 2018!

Adam Drobot  
General Co-Chair

Helena Wisniewski  
General Co-Chair

Nim Cheung  
Sponsors Chair

## Sponsorship Opportunities

As an IEEE Vertical and Topical Summit on Internet of Things sponsor, you will receive the following at all sponsorship levels (when applicable):

- Corporate name and logo on selected event or related items.
- Link from the IEEE World Forum on Internet of Things website to a page on your website.
- Your corporate logo displayed in the plenary hall.
- Special recognition at any event you chose to host.

Please contact us directly via email at [k.pannullo@comsoc.org](mailto:k.pannullo@comsoc.org) for further information.
